Basically there is no awareness for our Puducherry students about NET/SET because of our professors intended to teach only curriculums in rush manner and there is no support or guidance, How to apply? for it is required and What is benefit and so on.

But someone who are all interested and came to know about NET/SET can apply and appear without proper preparation its better. Here proper guidance and materials to select and study plays a prominent role.

Likewise i had little aware and knowledge on NET not useful to me in appear examination but your way of teaching and climax paper and way of collecting information and classroom guidance encouraged me

You are my Mentor. A burning flame requires Oil. i got that oil from U. you are my inspiration more over am a teacher and sciece populariser gave me full prepared teacher thought by U.
